The direction of technology

Are you making the most of what we have?

The PGA Tour has seen spectacular increases in distance off the tee. Our sense is that the percentage increases have by now way been replicated for the average golfer. The good news is that means that there is a ton of potential available to you.

Using perfectly fitted, larger-headed, longer-shafted drivers, the best players have a 15 – 20% yardage gain. Have you seen that improvement in the last few years? It won't take us long to calculate just how big an improvement you could make.

Smallest change; biggest improvement,

Sometimes a golfer has the right tool, but is using them in the wrong way. Sometimes just a change in ball position; an improvement in setup; or the sequence of the downswing; produce that 10 – 15% improvement.

Choose your Weapon

The new Srixon Fairways, Hybrids, and Utility all provide ease of use, but now you can choose the shot versatility you wish without losing forgiveness. We think that's a big win.

Here's why >

What motivates you?

Is there a particular format you enjoy most?

We're trying to gain a better understanding of what's important to our golfers. In the last two weeks, we've really appreciated the responses to the simple questions asked. If you didn't answer and want to help out, we've got the first two weeks below.

We're very interested in gaining a better understanding of what's important to you. Over the next three weeks, we'd like you to answer a simple question each week. So starting this week:

Social

vs

Competition

Let us know

For you, what is the relative priority of the recreational and social experience vs golf as a sporting competition?

What motivates you?

What are you most looking forward to, as you arrive?

We're trying to gain a better understanding of what's important to our golfers. Last week we had a simple question relating to social golf vs competitive golf. If you missed it and want to answer,

This week we want to understand what you look forward to most as you drive to the golf club. Again a simple question. And again, to preserve privacy, your name is optional. So what inspires you?

Let us know

This is just one question, it might make you think though.

This week we examine formats. We sense that this is an area of the game where golfers of different ages, and those with different handicaps, might have different views.

Let us know

This is one question. Let us know your most and least favorite format.

Cleveland Golf RTX4 Wedges

The new Cleveland Golf RTX4 Wedges deliver ball-stopping spin and control, along with designs that offer you options.

If you haven't upgraded your wedge set in a while, the Cleveland Golf RTX4 Wedges and the number of options they offer you greenside should be an inspiration to improve your short game.
