From the Club

Autumn is definitely here in full force but the golf course is looking stunning with the changing colours of the trees. We had a great weekend at the Club from Jokers Wild Friday, to live music, plenty of golf and a braai on Sunday - which was all well supported by the members. We hope you are all back safe and sound if you went away for the long weekend.

We also had two great feats on Friday - **Leslie Brown** had a hole-in-one on the 15th

hole and we held a chipping competition in the afternoon where **Daniel Ludick** chipped in and won a year's membership! Well done gents!

Hollowtining...

We are hollowtining but all 18 holes are open for play because we are using a smaller tyne. This means the recovery of the greens should be much faster too. Join us this week for some fun and unusual competitions.

Tomorrow we are playing **GreenKeepers Revenge** ... radical set up but great fun – golf like you've never played it before.

Thursday's Meat Day will be a Short Course set-up, meaning that we will be setting up the course for your best ever score!

On **Friday we will play an 8-ball Commando** – a great team event – fun, fun fun – and you play ready golf! Four of the eight scores will count on each hole. The Slowest team will be buying drinks for the fastest team!

Golf tip of the week

This week Elsabe gives you advice on using your wedge chart for the approach shot into the 18th green.

WEDGE	SWING LENGTH	DISTANCE
58 degree	FULL	80m
58 degree	11-2	70m
58 degree	9-3	60m
52 degree	FULL	?
52 degree	11-full	?
52 degree	9-full	70m
48 degree	FULL	?
48 degree	10-30 to full	
48 degree	9-full	
48 degree	7-30 to full	

Elsabe Hefer is a Fellow Member of the PGA; a former Gauteng North PGA Teacher of the Year and PGA Top 20 Teacher. She is the Head Teaching Professional at Zwartkop Country Club.

Simplify your short game

Reap the rewards of great wedge play

Over the past three weeks, we have discussed the importance of great distance control in your wedge game and how it can help you lower your scores, improve your skills and get more from your golf.

Create a wedge chart.

There are many advantages:

- *Greater distance control*
 - *Improved accuracy*
 - *Better shot execution under pressure*
 - *Added confidence from a variety of distances*
 - *Less technical swing thoughts*
 - *Better game management.*
-

Wedge	Swing length	Yardage
60°	9 - 3	23m
60°	11 - 1	64m
60°	Full	92m
55°	9 - 3	32m
55°	11 - 1	98m
55°	Full	108m
50°	9 - 3	40m
50°	11 - 1	110m
50°	Full	122m
PW	9 - 3	43m
PW	11 - 1	118m
PW	Full	130m

Armed with your wedge chart and your favorite distance with your favorite wedge, you'll know where to lay-up if you can't get to the green with your approach. That's better game management. Every golfer, whatever their handicap, should have a wedge chart.

Fill your wedge chart

To gauge a distance for each of your swings for each wedge can be difficult without assistance. So why not book a session with us. Let's complete your wedge chart and at the same time, we can look over your three swings. Maybe there are other improvements.

Better ball striking

You know you want it.

Too many golfers make poor contact with the ball with their irons because the low point of their swing is BEFORE the ball, resulting in fat or thin contact.

In the search for solid, quality ball striking you want to make contact with the ball, and then the turf. That requires a slightly descending blow or angle of attack. What if I told you that one of the simple ways to improve your angle of attack on the ball, and therefore your ball striking is...

Yes, a towel!

[Learn more >](#)

You know your position at address and impact is different. The setup is exactly that. It's the correct setup to allow you to make a great swing, returning to what is sometimes referred to as the "stacked" position at impact. How do you look at impact?

Improvement makes the game more fun

Whatever your level, a small improvement in ball striking quality, makes a BIG change in how much fun you have out on the golf course. It's time for better.
