From the Club

It's almost time for our trip to Fancourt...

April is a great month for golf and this year it will culminate in our Annual Fancourt Golf Tour from 26th to 29th April...

We still have a few places available if you would like to join us – you are guaranteed to have fun and make new friends!

R6999 per person includes 3 nights' accommodation at Fancourt (sharing), 2 rounds of golf (Outeniqua & Montagu), shared golf carts, breakfasts, 2 dinners, 2 shirts and a gift on arrival.

Call **(012)654-1144** and chat to either Sharon Bruyns (Sharon@zwartkopcc.co.za) or

Ian Hayes (ian@zwartkopcc.co.za) for details.

Leading up to that we have some fun events for you...

Next week is **Masters** week and we are thrilled to be able to say that we will have prizes on offer from the Masters – which is always a coup!

On Wednesday from 14h00, we will have our own Par 3 Competition on the Chip & Putt Course... Thursday's Meat Day will also be with a different spin. Every player will be drawn a professional playing in the Masters and their Pro's Par 3 score will be added to their Meat Day score...

MASTERS WEEK @ ZWARTIES

Wed, 10th - Par 3 Competition
9 holes on the Chip & Putt Course & the lowest nett score will win a 2019 Masters Flag & Cap

Thurs, 11th - Meat Day
For fun, we'll allocate you a Masters Pro & add their Par 3 score to your I.S. score

Call (012)654-1144 or book online
at www.zwartkopcountryclub.co.za

Then the week after that is Easter and there are two public holidays that will give you some extra time for golf – **Fri, 19th April and Mon, 22nd April.**

Hollowtyning...

We are hollowtyning on **23rd & 24th April** and the good news is that we will be using the same process as before, which is a much smaller tyne, so the holes are tiny compared to the previous way it was done and the course will be playable immediately.

We are going to use this opportunity to have some fun out on the course...

On Wed, 24th we will play a **GreenKeeper's Revenge** – you will get to play Zwartkop like you've never seen it before. It will look like it's a golf course designed by Stephen King....but still fun...

On Thurs, 25th, the Meat Day will be played on the **Short Course**. That means that we will be setting up the course for your best ever score! At least you will be able to reach Par 5's in two shots and you may even drive a par 4!

On, Fri, 26th we will play an **8-ball Commando** – if you've never played in one this is your chance. It is great fun and contrary to popular belief takes no longer than a normal round because you play ready golf!

To take part in any of the above fun events all you have to do is call the golf shop on **(012)654-2111** or book online on www.zwartkopcountryclub.co.za.

Simplify your short game

A wedge chart helps

You want to hit closer wedge shots more often with greater ease. If you can control your distance, you create more opportunities for birdies and par saves. Let's help you achieve this by simplifying your short game with the use of a wedge chart.

Wedge	Swing length	Yardage
60°	9 - 3	23m
60°	11 - 1	64m
60°	Full	92m
55°	9 - 3	32m
55°	11 - 1	98m
55°	Full	108m
50°	9 - 3	40m
50°	11 - 1	110m
50°	Full	122m
PW	9 - 3	43m
PW	11 - 1	118m
PW	Full	130m

A 'wedge chart' is an accurate recording of the distance each wedge travels depending on the length of your swing. Wedge charts are used by the majority of Tour Pros, yet no one really encourages amateur or club golfers to use them.

Making your wedge game easier

Understanding the importance of precision on approach shots using a wedge chart is your first lesson to a better short game and becoming a wedge guru. You may think you are not good enough for a wedge chart, but they really work for any level of golfer.

Better ball striking

For everyone
and anyone, it
doesn't get any
BETTER.

There's a special feeling that comes with hitting a solid iron shot. Especially one you feel launch off the face and then track on a great trajectory going straight at the target.

Most of those who are struggling to hit solid iron shots have a low point of their swing BEFORE the ball. That means they either make "fat" contact (turf before ball) or they catch the ball with the bottom of their iron face (thin) on the upswing.

If you're a good ball striker and want to get even better, then try focusing on tempo. Reduce your emphasis on how far you hit your irons, and work on a consistent tempo. A good tempo will lead to consistent contact and consistent distances.

Make it solid

You need to strike the ball first with a slight descending trajectory. That ensures your contact is solid and strikes the face in the hitting zone. We have drills that can help you on the practice range. We can also look at your swing and let you know how to improve your ball striking.
