Golf tip of the week

Let us help you play better golf...

This week Elsabe advises you on using a draw off the 6th tee.

"No shows" continue to be a problem

We've had 38 members who were "no shows" for tee-off times that they booked between the 19th December, when we re-opened the golf course, and the 31st December. That's 12 days, so it's an average of 3,16 golfers per day. At members rates, that was a cost to the Club of R8 740!

Some of these members may have had pre-paid rounds, however in some cases not – and the fact that they have booked the times means that other members or visitors could not play. So there is a cost and an inconvenience to fellow members and visitors.

Please call the golf shop 48 hours in advance if you are not going to be able to utilize a

tee-off time that you have booked to avoid being charged a penalty fee.

Is it your dream to...Play on the Tour? Manage a Golf Club? Be a Golf Director? Be a Club Professional? Be a Golf Course Superintendent?

New irons now?

BETTER APPROACH

But, in fact, you probably have the advantage of a smarter, cooler mind.

Why not add to that wisdom, the belief that your best golf is ahead of you. Technology certainly makes it possible to believe you can hit better approach shots than ever

before.

Innovation in materials and engineering have allowed the designers of irons to construct heads that launch the ball higher from stronger lofts. Your #8 iron has a stronger loft than before (and therefore goes further) but launches as high (even higher) as previous #8 irons.

While you expect to be losing some distance with age, technology is now adding distance while retaining control.

Could you be getting better?

Don't settle. Golf has so much more to offer each of you. Especially if you determine that you're going to play better golf in your immediate future. Iron technologies are changing the game. Would they help you? Come and chat to us.

Act on your feelings

How much do
YOU WANT IT?

One act, two different feelings. The act is a 145-metre approach shot. Let's assume you're here courtesy of a drive that's found the middle of the fairway.

With perfect contact, there is a visceral sense of joy at being at one with the game; that extends into satisfaction as the ball flies high and true; and then completes with a sense of accomplishment.

But first, there's "craving". How much do you want that feeling of joy, satisfaction, and accomplishment? If you want it enough, you'll take action.

Fan the flame

Without action, there is only acceptance. Make 2020 a year to deliver on your desires.
