Let technology make the game easier for you

If you are over 50, we have the perfect golf clubs for you!

Your experience, added to the latest in equipment technology and the help of our PGA Professionals will ensure that you continue to succeed and enjoy your game.

Keep an eye for the on-course promo we'll have on **Sat, 1st Feb** which will give you the opportunity to test out **XXIO's** driver and irons.

You don't have to wait for that though – our Professionals are on hand every day to answer or assist with any questions, assessments or fittings.

This week's hero's...

Matthew Bennet is just 13 years old and yet he should be an inspiration to us all. He only started playing golf last April and is already down to a 5-handicap!

He takes private lessons with Elsabe, who is quick to point out that Matthew is extremely passionate about the game. He just loves everything about it and while he is

putting in the time to practice, he's having so much fun doing it.

Congratulations to **Curtley Roberts** on making the South African Disabled Golf Association's Inter-Provincial Team, which will compete in the upcoming North vs South tournament. Curtley has been coached by Justin Godfrey over the last year and is making great strides in his game.

It's so encouraging to see people get so much joy out of the game. You can too! Just contact **Elsabe – 082-922-8408** / elsabe@zwartkopcc.co.za – or **Justin - 082-925-0236** / justingodfrey4892@gmail.com They are committed to helping you get the most out of your game.

New irons now?

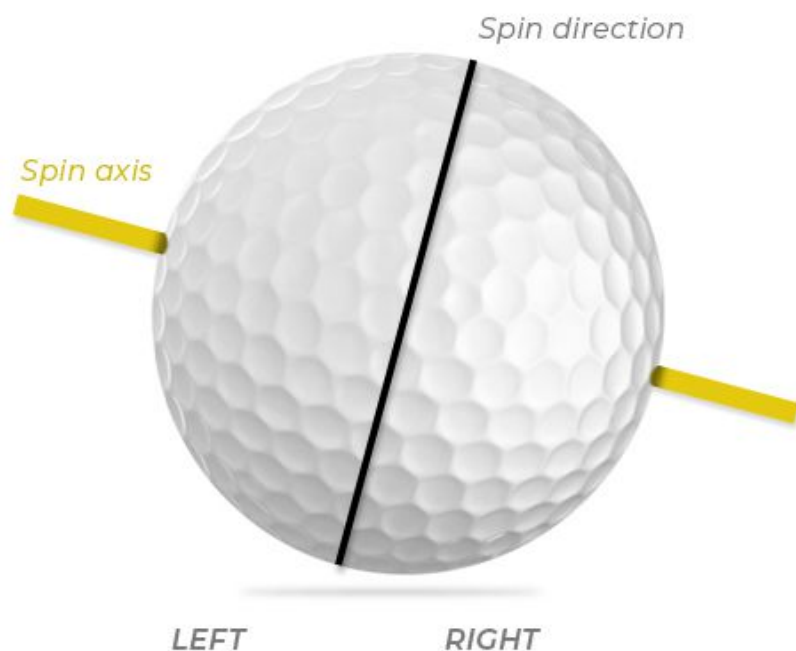

It's not just

**TECHNOLOGY
THAT HELPS**

One of the challenges too many golfers have is an iron fitted incorrectly. The incorrect lie angle causes the face angle to twist as the toe hits the turf first.

*That means the spin axis of the ball becomes tilted.
The ball goes right.*

Give yourself the best chance to send a golf ball on its way with a horizontal spin axis.
You'll have better results.

Could you be getting better?

Don't settle. Golf has so much more to offer each of you. Technology that makes you longer, with a fitting that makes you straighter, means your best golf is ahead of you.

Act on your feelings

Sustaining **COMMITMENT**

We have talked about how craving the joy, satisfaction, and accomplishment from better ball striking on approach shots should motivate an action.

You play 120-160-metre approach shots so often. They have a material impact on your scorecard, but more importantly on your experience.

How much would you like to improve your experience on short and mid-range approach shots?

Is that desire enough to take some action?

YOUR PLAN NEEDS TO DRIVE QUICK RESULTS

Whatever your plan, you need to make sure that it quickly provides results in the form of increased pleasure. Pleasure will help keep you committed.

Pleasure in the journey and result

We're here to make learning fun, as well as deliver the result of a better experience from your golf game
