

Gary Player is coming to visit Zwartkop

What a privilege. He's going to join us for a relaxed, casual lunch on **Monday, 2nd March**, have a chat to the Zwartkop members and be available for photographs afterwards.

Gary is without question South Africa's greatest-ever sportsman.

In a career that spanned five decades he won tournaments all over the World. His 9 major wins have only been bettered by Jack Nicklaus and Tiger Woods in modern times, and his 163 wins is second only to Roberto de Vicenzo.

Gary also won 9 Senior majors. Unfortunately most South Africans never saw Gary win all these Championships as his best years were before we got TV in South Africa in 1976!

The photo in the poster below is Gary playing in one of his many exhibitions matches at Zwartkop. Over the years he played here against **Arnold Palmer, Jack Nicklaus** (pictured below, in 1966), **Billy Casper, Gene Littler, Lee Trevino** and **Seve Ballesteros**.

This is an event not to be missed. Contact Sharon on **(012)654-1144** / sharon@zwartkopcc.co.za.

Product of the Week - Callaway MAVRIK Driver

Callaway appreciate that not all golfers are the same, which is why there are three Callaway MAVRIK driver models. Each one performs slightly differently to complement a golfer's strengths or fix their weaknesses.

The standard Callaway MAVRIK driver is the all-rounder and will suit the majority of golfers with its mid-spin launch – achieved through a stationary 5g weight positioned towards the rear of the sole. It has a slight draw bias to counteract a slice.

Features:

- Fast ball speeds all across the face
- Consistent performance
- Jailbreak and T2C Triaxial carbon crown promote ball speed and forgiveness
- The all-new Cyclone Aero head shape enhances aerodynamics to reduce drag for fast clubhead speed

Priced at **R7999** – which is cheaper than the older model.

Unlock extra distance

A lot can happen in **TWO METRES**

Increasing your ball speed by just 1mph adds two metres to your driver shot.

- *Short in the* **HAZARDS**
- **TWO METRES EXTRA** *in the clear*

Two metres could be the difference between landing on the other side of a water hazard, or in it. It could be the difference between the light rough and the heavy rough, or the lip of a fairway bunker and the short, firm grass right next to it.

How many metres can we add in a single fitting?

There are many aspects of your driver setup we can consider adjusting to increase your distance.

We'll want to make sure you've got the right shaft length and weight. Also we'll look at things like your angle of attack and dynamic loft.

Come for a fitting >

No metre untapped Four reasons why

There are thousands of fitting configurations. Let's find your ONE, so you can get every metre you're capable of.
