

Junior Pro Am

Our juniors braved a chilly winter morning yesterday for their Pro Am, but still had great fun! Thanks to the PGA Pros that gave their time to play, and well done to **Justin Godfrey, Matthew and Damien Ehlert** on their win!

Reshaping the fairways

We mentioned that we would be sodding some of the fairways this week – well it's underway. Check out the pics of the 8th fairway. Now all we need is a little rain...

Uncut Fairways...

Today's "uncut" staff video clip is with our Head Teaching Professional, **Elsabe Hefer**. You will be amazed by her secret talent, and it goes a long way towards explaining her great rhythm! Check it out below.

A Perfect Fluke...

Congrats to **Franco Bester** on his hole in one on the 17th hole on Saturday afternoon.

Loft 'n' roll

Sometimes too little goes too far

When you overshoot the hole by several feet, it's not always because you hit it too hard, or because the green is fast, or that it was on a downward slope. Sometimes the culprit is too little dynamic loft in your putting stroke.

Too little loft causes the ball to skid too far along the surface of the green after impact. Some Pros call this a “hot putt” because it comes out too fast, too quickly. Sure, sometimes you get lucky and it fires into the back lip of the hole. But luck alone isn't going to improve your putting.

The best putters impart topspin to get the ball rolling true very soon after impact. This makes it a lot easier to control the distance of your putts. Putt with the right loft for your stroke, and you can do the same.

Improve your roll

To get your ball into a smooth, end-over-end roll after impact, we need to make sure your putter loft is working with your stroke to give you the best dynamic loft. That means getting fitted or having your stroke assessed, or ideally, both.

It's playtime

Turn greenside into your playground.

We see so many golfers, across the skills spectrum, who live with more greenside anxiety and higher scores than they should. But it doesn't have to be this way. There's so much fun on offer around the greens.

You should be rolling greenside chip shots to within 3 feet, but most golfers we see are ending up at a 2-putt distance from the hole. Let's improve that.

Are you leaving it in the sand and missing the green more often than not? Let's change that.
