

Junior Club Champs

Well done to our Juniors on a fantastic Championship. They were faced with hot but glorious conditions, and defending champion, **Wandre Snyman** emerged as the winner on 145 – 18 shots better than his score last year.

B-Division winner, **Markus Kruger** had 170 and C Division winner, **Ame van der Merwe** had 88 points. She broke 90 for the first time on Tuesday and beat that with an 82 yesterday. Well done to all that played.

*Wandre received his trophy from the
Club Champion, Ruan Jooste.*

This week's Heroes

Congrats to four of our Golf Management Campus students, who shot their personal bests last Friday in their Strokeplay event. **Ryan de Jongh** shot 68 and won, while **Connor Wheatcroft** shot 69, and **Frikkie Fensham** and **Ben Zeelie** shot 72s.

Well done gents!

The Course News

The rain has greened up the course and it's looking fantastic.

The greens have been both verti-cut and verti-drained. After this process, a layer of sand is put on top and the greens are then rolled. Well done to **Johannes** and his team, who have worked extremely hard to get the greens into superb condition.

We have received a few complaints about us charging a green fee for playing the Mashie Course. We do unfortunately need to re-coup the costs of maintaining this course. There are the cutting costs, water, electricity, and staff to cover. We are relying on the honesty of our members in paying for their rounds prior to teeing off.

It's time to start playing your best golf

Stay in play

Sometimes it's best to be aggressive

Some tee boxes are scary. That's down to course design, something you can't control. But with an understanding of your dispersion patterns, you can adjust your aim to minimise risk. That frees you up to approach a daunting hole with more confidence.

Not sure what your dispersion pattern is? Let's get on the range and find out.

Discover your dispersion >

"Let's say there's a hazard that extends down the fairway and stops at 180 metres. You know your hybrid has a tighter dispersion than your driver. But you also know your driver dispersion gets your ball well beyond the hazard, taking it out of play altogether and giving you a shorter approach. That's when being aggressive is the better choice."

More time for golf

Practice makes happy

Working from home is now more common than ever, and many people are saving time on long work commutes. If you're one of them, imagine that time spent instead with us and your fellow golfers on the range. Our practice clubs are an opportunity to improve your golf and brighten your day.

Make new friends

Think of a practice club as a 'round' with your fellow golfers and Pro on the range. You have the opportunity to learn more and improve faster. But you also get to socialise and make new golfing friends. Who knows, it could be the start of a special four-ball.

An hour is all we need

We can make so many improvements to your golf game in a single 60-minute practice club session. Whatever you want to achieve, whether it's breaking 90 or adding 10 metres to your driver, we're here to help you play better golf and have more fun.
