Hero's of the Week...

We have a whole host of Zwartkop Heroes this week!

Sean Ellis shot an unbelievable 61 gross last Thursday. He plays off a plus 3 handicap and, although he's had many low scores at Zwartkop, this is his lowest.

This is the lowest score on the "new" course (since the 6th was made a Par 3), however it cannot be counted as an official course record because a) it wasn't in an official medal round, and b) there was placing in play.

Congrats to **Hartman Growler** who had a Hole-in-One on the 12th hole on Monday. He won one dozen Srixon Q-Star Golf Balls per month for 1 year, valued at R7 200, as he was playing in an official competition.

And then amongst our Juniors...

Phenyo Sebata finished second in her division in the Free State Junior at Parys.

Golf-mad **Jordan Stoop** got to play in his first junior tournament, the Bridgefund Junior. Hopefully he will start to play in more.

Let us help you play better golf

This week Adam shows you how to get the position of your eyes correct in the putting stroke.

Adam Lowther is one of our Assistant Teaching Professionals at Zwartkop.

Handy Hints from the Golf Shop

This week Dale and Curtley chat pitch marks and how to repair them!

Can we remind you again why no Shows are an issue

1. We turn members away because the time sheet shows as full, but then players don't show up.
2. It costs the Club money. If you don't arrive we lose out on income we could have received from greenfees; carts; halfway house and after golf drinks.

If you need to cancel please do so 48 hours in advance so we have time to offer your spot to someone else.

Unlock lower scores
Which improvement would pick the lock?

Which area of your golf game would make the biggest impact on your score and your enjoyment out on the golf course?

Once we find the answer to this question, your playing experience will be transformed.

Find your answer >

Tee shots

Finding the fairway more often from the tee with an extra 10-20 metres.

Approach shots

Hitting more greens in regulation by striking more of your irons consistently.

Wedge play

Playing fewer shots inside 40 metres and saving shots from the sand and rough.

Putting

More accurate reads and a technique that gives you better roll and distance control to make more putts.

If you haven't broken 85 by now

Let's identify which part of your game is going to be your breakthrough. Let's improve your overall experience.

[Let's unlock better >](#)

If you're looking for easier-to-hit irons that open scoring opportunities and make the game a lot more fun, you wouldn't normally consider a short blade length and forged sound and feel. But the new Srixon ZX4 gives you the best of both worlds.

All for assessments

What do you want to achieve?

What improvement would transform your golf experience? Take a second to think about it, but make sure you're thinking positively. Here are a few examples.

I want to consistently break 85.

*I want to get 50% of my shots up and
down around the green.*

*I want to make the league team at
the end of the year.*

It's better to want to achieve something positive than to want to remove something negative. Your playing experience should be one of the most fun, enriching and satisfying parts of your life. How can we help you make it so?

Let us know >

Our assessments are not about "judgement" and "evaluation". We see assessments as a 'get-to-know-you-as-a-golfer' session. And you only stand to benefit from it.

You have everything to gain

By knowing where you are on your golf journey, we can carve out the path that's going to make golf one of the happiest, most enriching pastimes in your life.

Book your assessment >

Making it easier for you to **putt straighter**

What if you knew your putt would stay on line, even if you mis-hit it? How much more confidence would you have on the greens? The new Cleveland Frontline Putter can give you that knowledge and confidence.

How many more putts could you hole? Come find out.
