On **Saturday, 1st May** we will be hosting the **Lions Club of Centurion Lifestyle Golf Day**. The Lions Club do so much terrific work for the people of our country, who are less fortunate than us. Since July 2018, Zwartkop has donated over R100,000.00 to the Lions Club.

On the 1st May the competition fee will be R80, which will be donated to the Lions. In return they will be sponsoring all the prizes that day. Hopefully we will be able to give them R15 000 from the competition fees alone.

Dale's Club Champs Pearls of Wisdom...

For most Club members, Club Champs is the biggest golf tournament they will ever play in. Whilst your nerve will be tested you do need to have fun. For the A & B Division, the format is medal which means that every hole has to be completed. There is no such thing as a "conceded" or "gimme" putt. The hole is only completed once the ball is in the hole.

All for assessments
How would achieving it make you feel?

Knowing what you want to achieve and when you want to achieve it, becomes so much more meaningful when we connect that goal to a feeling you want to experience.

Perhaps you want to break 85 by the end of the season. Think about the emotions connected to that achievement. Satisfaction. Pride. Accomplishment. Confidence. Exhilaration. Performance variables are a means to an end. The real achievement is how much more enjoyable your golf becomes.

It all starts with an assessment

With a clear, realistic plan, a positive attitude AND swing coaching and equipment fitting, we feel you're guaranteed to reach new heights of golfing enjoyment. An assessment is the all-important first step to making this a reality for you.

Golf should be a source of joy

Don't resign yourself to struggling through every round. Every hole could include at least one exciting moment.
Let's make that your playing experience.

Book your assessment >

Unlock lower scores
What level are you approaching from?

Which is the longest iron that you hit consistently? At which iron does your consistency break down?

How bad is your breakdown? >

We'd like you to identify which of the following levels you're in.

You have no confidence you'll actually hit the green with any full iron shot.

You're comfortable hitting #8 iron through wedges, finding the green more often than not, with a low risk of dropping shots.

From #6 iron up, you're able to hit the middle of the green with minimal risk of finding trouble and dropping shots.

You're hitting the green with long irons at least half of the time, and with your mid- to short irons, you have such good control that you're eliminating any risk.

Level up

Better iron play could be your key to unlocking lower scores and a better overall playing experience.
