## The Kit Kat Group Celebration of Golf

The last 18 months have been torrid. Covid, and all the different issues associated with the pandemic, have meant that the economy's taken a beating. The rioting and looting we experienced a few weeks ago just compounded this effect.

From a club and course point of view, while we are getting very good support from our members, the Club has lost huge turnover due to the lockdown restrictions and the loss of corporate and social events. Golf days make up a substantial part of our turnover as they rent carts, eat, drink and purchase prizes. Bottom line, whilst the golf course has been busy, our overall turnover is way down.

The flooding earlier in the year and the very cold winter have added to the issues on the golf course and we'll have to spend some money to ensure the course gets back to its desired shape.

## The Good News

We will be hosting a week-long and fun-filled **Celebration of Golf** at Zwartkop from **Sunday the 26th of September to Sunday, the 3rd of October 2021**. We would like to thank **The KitKat Group** for coming on board as our main sponsor.

We want to make this a festive and fun week of golf which also helps us to put some much needed money towards the course work. We ask, no we beg our members, to please support the events of the week. If there are any of you that are able to support with sponsorship of a day, or prizes for the daily competitions, we would really welcome the support.

As you can see we are already going full steam ahead on cleaning the river and adding drainage to all the badly affected fairways. We are determined to get the golf course back into the condition you deserve and expect, but we do need your support.

We'll be providing you with more details next week.

## Star of the Week

**Lawrence Phalakatshela** is an inspiration. The Floor Manager at Zwartkop Catering is one of six Zwartkop staff members who are involved in doing online training this year through the Club Managers Association of South Africa. The courses cover a wide range of topics across the Club environment including Admin, Golf Shop, and Catering.

### **Lawrence has completed the following course topics:**

Business Principles, Emotional Intelligence, Introduction to Goals, Critical Success and KPI's, Bulletproof your Psychology, The Indispensable Employee, Human Resource Management, Administrative Assistant, R and A Level 1 Rules, Etiquette in the Workplace, Introduction to the World of Whisky, Creating an Exceptional Retail Culture, Championing Leadership of Service in Hospitality, Introduction to Wine, First Class Waiter, Three Relationships in Hospitality and Waiter Excellence.

Well done Lawrence! We look forward to him sharing his knowledge with the staff under his care.

## The game of a lifetime

*Full of life, for life*

Here are three great reasons why your children should learn to play golf.

First, it's a safe outdoor activity that gets them away from the pressures of an ever-faster digital life. Second, it's a skill they learn easily that gives access to a lifetime of fun and social connections. Third, and most importantly, it's something they can do with you until you're old and grey.

*From 16 years old, junior golfers who started their journey at 6, move from learning to play, to what development models call “training to compete”. This is when we fine-tune skills and start incorporating competitive elements into coaching.*

## **Get your children into golf**

We want your children to fall in love with the game. We want them to have a lifetime of healthy, outdoor enjoyment for themselves and their families. If you have a child or grandchild, let’s get them started on the journey of a lifetime.

## Trusted by champions

Cameron Champ is the champ, carding a bogey-free 66 in his final round, securing his third PGA Tour victory at the 2021 3M Open.

But you don't have to be a champion to transform your game. What could the Z-STAR do for you?

**Let's find out**

*Ever wondered, if you put some  
focus into it how good could you be?*

You may have played golf for health and well-being, social, and recreational reasons for 20+ years. You have had some coaching in the beginning, but since then, you've only had "fix" lessons. If you're shooting in the low 90s or high 80s, you have proven athletic ability. How good could you be?

### **Golf should still be fun, but advancing age isn't a limit**

We're looking for golfers who now have more time on their hands, shooting below 95 currently. If you want to carry on playing social, recreational golf, but also want to see how much more enjoyment and fulfillment there might be in the game,

This isn't about pumping iron and becoming the young stud. It's about maximizing the potential of technique and timing. Get that right and:

*You re-discover more metres off the tee than you believed possible.*

*You can use fairways and hybrids with confidence and quality that dis-heartens competitors.*

*You can hit approach shots with higher, shot-stopping power.*

*You become a wizard with the short clubs and putter.*

## **You can Break 85**

If that's a golf experience that appeals to you, then please don't wait. Start the journey to hitting even better golf shots.
