We're hoping to re-open tomorrow

We owe a huge thank you to all the golf course and casual staff that have put in hours of back-breaking work over the last few days to get the course to a position where we hope to re-open tomorrow.

Unfortunately the weather forecast for today is not great, so keep all your fingers and toes crossed. If all goes to plan we will be ready to open tomorrow, so get your bookings in.

We still have a lot to do but the greens have all been washed, so you will be able to get out there and play some golf.

## Want a magic wand?

We've had to get used to a new sound – the ball hitting the flag stick – but in truth it's every bit as magical as hearing the ball drop. It's success.

*Few golfers have ever learned a good and effective technique they can depend on to be a master on the greens. Control of pace and matching that to a line remain a mystery to many. So it really is magic when the ball drops.*

## Plan to be magical

Invest in improvement to become a good, or even great, putter. The ball dropping is a fantastic sound. A few more unexpected par saves, or birdies, or holes won, makes a difference to how you experience the game.
