Unlock lower scores

# Become a wedge wizard

Sharper wedge play and more control around the greens is one of the quickest ways to improve your score and find more joy on the golf course.

*Do you have a dedicated technique for each type of wedge shot? Can you control your ball? Can you control flight and spin?*

Let's talk wedge play

## Graduate

*Good pitching and chipping technique. You're able to get up and down from around the green in 3 shots or less.*

## Master

*You're able to control the ball from 60 metres in, and it's not uncommon for you to get up and down from anywhere around the green.*

## Wedge wizard

*You're able to play around with trajectory and spin to control the landing and run out of the ball. You're aiming to get up and down from anywhere inside 40 metres.*

## If you haven't broken 85 by now

Better wedge play could be your key to unlocking lower scores and a better overall playing experience.

Joyful junior golf

Tee it up

Hopefully you've realised that your child can get so much joy out of playing golf. But what's the next step? To tee it up!

## Undivided attention

One-on-one lessons allow us to devote all of our expertise to your child. That helps us achieve specific goals for a given lesson or correct a unique swing issue or challenge they might have. Your child is likely to improve at a faster rate, which is fantastic because improvement leads to more enjoyment!

## Individual improvement

Individual lessons help your child improve faster.

Distance or feel?

## Now you can have both

More aggressive swing speeds need a high compression golf ball that delivers distance off the tee without losing any control into the green.

For this type of golfer, we trust the Srixon Z-STAR XV to provide massive performance gains. Come and pick up a sleeve in the shop and experience the difference it can
