dealfin (Pty) Ltd is a virtual finance and insurance service provider in the motor and leisure industry. We are looking forward to running a few campaigns with them and will provide more detail on that in the coming weeks.

Their business model centers around the customer's needs and not the product (car) that they want to sell. The process serves and protects customers by providing the best finance deal on offer and marrying the onboarded vehicle to the deal.

Whether customers are buying privately, sourcing their dream car from a dealer or want dealfin to source a vehicle through their national dealer network, their service offering will ensure that customers are protected and secured throughout the transaction process and the finance term.

Stars of the week

Francois and Joseph have lost one, and won one of their recent Pro Challenge matches. They added a notch to their belt with a win against Dean and Curtley, but we love the fact that they lost to Francois' sons, Christopher and Marco!

Don't forget to find a partner and challenge these two to a fun match. If you beat the Captain and Pro, you will go into a draw (to be done in October) where you could win a special round of golf and lunch.

Challenge the Pro and club Captain

Curtley and Dean were brave enough to accept the challenge to play against Jo and Francois.

Gauteng North Women's Open

Bryanston CC's Kaiyuree Moodley won the Gauteng North Women's Open at Pretoria CC on 11-over 227. Lea van der Merwe finished 23rd at 51-over; Ame van der Merwe finished 38th at 68-over; Phenyo Sebata finished 39th at 71-over; Mogomotsi Sebata finished 40th at 72-over and Tebogo Sebata finished 10th in the Bronze Division with 49 pts.

Introduce her to golf

Enjoy a shared retirement

If you have a spouse who doesn't play golf, then let us help to make sure you'll get to play as much golf as you want. Introduce your partner to golf and create memories together on the course. But also let them know they won't just be stuck with you, they'll get to meet new friends as well.

There's also a world of new golf vacation possibilities.

And another social network to create new connections.

Let us know

If you have a spouse who you think could enjoy the health, lifestyle, social and fun benefits of golf, please introduce them to us. Or let them know we've got great coaches and fun introductory programmes.

Break 100

Smallest club, biggest impact

When you're trying to break 100, eliminating three-putts is one of the most impactful improvements you can make. You don't have to hit 180+ metres drives to break 100. The humble putter has the power to take you into the 90s.

You should be spending at least a third of your practice time on putting. And to make the most of that time, make sure you have the right putting setup.

[Check your setup](#)

The average round involves at least 36 putts and – at most – 14 drives. Yet “hitting longer drives” is what most golfers prioritise. Putting better may not seem as exciting as driving further, but it makes a bigger impact on your scorecard.

Try this simple putting assessment

Take ten different 30-foot putts on the practice green and count how many you get to within 3 feet. If too many of your putts finish outside 3 feet, let's get together and change that.
