## From the Club

The Family Feud is alive and firing on all cylinders

Team Dale won for the third time in a row – it goes to show that you can teach the old dogs new tricks!

To be fair, while they dominated the morning matches and notched up 13½ points as opposed to 9 by Team Brian and 4½ by Team Adam, the youngsters made a gallant afternoon effort, scoring 14 points.

The final scores:

**Team Dale – 21**

Team Adam - 18½

Team Brian - 14½

Thank you to each and every player for making this one of the great events on our calendar. It was great fun. See you next time!

Ready, Set, Go!

## Take back control

Sharper wedge play starts with sharp, fresh grooves. Improve your greenside control and make scoring easier this season by putting new wedges in play.

### Stress-free short game

The sharper the grooves, the more stopping power you have around the greens. New wedges can be the difference between stressful lag putts and stress-free tap-ins. Sharp grooves also help you hit flatter, more attacking approaches that'll make par 5s and short par 4s a lot more fun to play. We'll fit you for a new set of wedges so you can shave shots and have more fun around the greens.

[Book a wedge fitting](#)

*If you play at least one full round of golf per week, your wedges will give you full bite and spin for about two years. Longer than that, and you'll start losing control around the greens.*

## Your short game saviors

Wedges that fit your swing and playing style make short-game situations easier and more enjoyable.

[Book a fitting](#)

---

## Hold more greens

Would you like more spin and control on mid- to long-iron approach shots?

The new Srixon Z-STAR DIAMOND gives you exactly that, and more.

[Get Z-STAR DIAMOND](#)

---

Make your own luck

## Don't hit and hope

Sure, it would be satisfying to smoke your driver over the stream and beyond the fairway bunker, but that would require perfection more than luck. Instead of playing and hoping for the perfect shot, make your own luck with more informed club selections.

Part of making an informed club selection is knowing your true carry distances for every club. When you factor the distances from your distance chart into aspects like playing conditions, you're more likely to get those lucky breaks and stay in the clear.

CLUB	BEST CARRY	AVERAGE CARRY
Driver	240	220
3-wood	200	190
Hybrid	170	180
4-iron	155	145
5-iron	150	140
6-iron	145	135
7-iron	135	130
8-iron	125	120
9-iron	115	110
PW	105	100

| Let's make you luckier

If you don't have a distance chart, let's spend some time on the range to set yours up.
