## From the Club

### Tee off Times Available this Weekend

We have tee off times available early Saturday morning, Saturday afternoon and all day on Sunday. You can book online at

<https://www.zwartkopcountryclub.co.za/> or call the golf shop on (012)654-1144.

### Windhoek Fan Park for the Rugby World Cup

We are so excited about this addition to Zwartkop for the Rugby World Cup. A large screen, box seats, and food and drinks to make you feel as if you are live at the game!

Check out the video in which Adam updates you on what's coming –

### An update on our developments

The roof is on, the padel slabs start being thrown tomorrow and we started work on a new tee!

In addition to all that, you may have noticed that we are also installing solar. That switch over can't come soon enough as you know how much everyone in our area is being dragged through the mill with constant power outages due to theft, and a grid system that can't handle all the loadshedding.

We are beyond excited for the development and hope to have it ready by the middle of September.

## Zwartkop Junior Coaching program

Calling all the Kids!

We are changing things up. Giving you a new junior programme that will see you advance through different levels depending not only on your skill level but also your age.

We have given this a lot of thought and are sure that you will see great improvements in your game as we target what you should be doing at any given stage in your golf journey development.

We start classes as young as 5 and take you right through to 18 years of age starting at Level 1 – Rhino and moving up through Level 2 – Lion; Level 3 – Buffalo and Level 4 - Leopard.

Call Duane or Adam to get involved as the new Program will launch on 1st October!

Duane - 078-459-1549 / [duane@zwartkopcc.co.za](mailto:duane@zwartkopcc.co.za) or Adam 074-747-2030

## Get your body and golf in synch

Ask Justin Godfrey how he can help you get the most out of your golf.

He is Level 1 Titleist Performance Institute (TPI) certified and is able to improve your golf through a combination of TPI and golf exercises, especially if there is an underlying weakness in your body that is affecting your golf swing.

Contact Justin at 082-925-0236 for details.

Ask yourself the question

## “Is my shaft cutting my drives short?”

Have you ever thought you hit your drive really well, only to find you're 10-20 metres short? It's not always your swing that's to blame, neither is it always your clubhead loft settings. Often, it's the piece of graphite in between.

*If you're losing distance despite no obvious swing error, then we're betting there's something about your equipment setup that isn't right. Can we correct that?*

[Go further](#)

Could your shaft be the problem?

Your shaft is the connection between your body and the clubhead. It's the way you transfer energy to the clubhead and the golf ball. When it's not fitted properly for you, your shaft can disturb your swing tempo and balance, causing inconsistent strikes around the hitting zone.

## Fulfill your distance potential

There are thousands of shaft combinations out there. By measuring your swing speeds with a variety of shafts, we'll find the one that's going to help you get further down the fairway more often.

**No more falling short**

## Let's find your Z-STAR

Whether you prioritise feel and spin, or distance and speed, or all of the above, there's a Z-STAR Golf Ball that's going to help you reach your full potential. All we need to do is decide which one suits you best.

Greenside glee

Success from the sand

Bunkers don't have to spell disaster. They can actually be a source of joy and satisfaction. Hitting through the sand, hearing that dull thud and seeing your ball soar onto the green. That's satisfying and confidence boosting. And you can experience this more often with the correct technique and the right mindset.

## Quiet confidence

*When you're starting out, the main goal is to simply get out of the bunker in a single shot. But as you develop a good technique and gain confidence, you'll free yourself up to be more aggressive and begin setting up scoring chances from the sand. When we assess your bunker play, we'll look at aspects like the lower body movement, swing speed and angle and where you're striking the ball.*

[Improve your bunker play](#)

## Beat the bunkers

If you dread the thought of having to escape a bunker and put your ball in a scoring position with a single shot, then we can help you.
