Fitting by the numbers

Strike distance-gain gold!

You don't have to swing faster and increase your clubhead speed to hit longer drives. Striking the ball more deeply within the hitting zone of the clubface will increase ball speed and improve your driving distance.

Ever heard of smash factor? It's a really great indicator of strike

quality. To find yours, we need to divide your ball speed by your clubhead speed.

Trying to add clubhead speed can cause swing issues, what we'll do

first is try to shift the impact position of more of your shots to inside the hitting zone of the club face. The closer to 1.5 we can get your smash factor with your driver, the better.

Here's why you NEED to get fitted for a driver you can strike out the centre: every mile per hour of increased ball speed adds 2 metres of distance to your drives.

Smash through your distance barrier

Think you've maxed out your distance potential? Think again! Challenge us to add at least 10 metres to your drives.

What's your dividing line?

Are you after more spin and feel, or are you chasing higher speeds and longer carry? Srixon's new Z-STAR DIVIDE comes in two options, but whichever one you choose, you're going to enjoy the view.

Track to improve

Fairway to scoring heaven

Lower scores and more satisfaction this way.

The best way to set up more scoring opportunities on your approach is to find more fairways from the tee. Other than it being easier to play from the fairway, it's also so satisfying to walk off the tee and onto the short grass knowing that's where you'll stay. We want you to experience that satisfaction more often.

Unlock driving accuracy

Three keys to hitting more fairways.

Understand where you are now. Over the next five rounds, track your average fairways hit. Are you above or below 50%?

Aim with the right tool. Before reaching for your driver, assess how much room for error the fairway shape gives you. And once you have your club, commit to a line.

Book a swing assessment so we can identify any potential swing changes you could make to achieve your accuracy potential.

Challenge us to get you there

To really transform your playing experience, we'll want to get you finding more fairways AND hitting it 10 metres further. Challenge us to increase your average fairways found by 2 and your driving distance by 10 metres.
