Festive Season Operating Hours

We will be taking a break from our formal newsletter over the next two weeks, but will keep in touch with you via broadcast messages so that you stay in the loop.

On behalf of all the staff at Zwartkop and the Hayes Family, we would like to wish you and your loved ones the very best seasons greetings. Stay safe and may you be richly blessed over this time.

Please take note of our Operating Hours and then make your restaurant, golf, TopPadel and TopTrack bookings around that. We look forward to seeing you relaxing and enjoying the holidays!

Kids Big 5 Program 2024

Our Head Teaching Professional, Duane Keun, will host the new Big 5 Junior Golf Program in 2024. So, make sure you get in touch with him to discuss the program in detail.

It incorporates on-course and range practice for kids that are grouped according to their own age group and ability. Sign up by the end of 2023 and get a 15% discount for Term 1. Lessons will run in the government school terms.

Your golf game

The CONNECTION that counts

We'd like to say thank-you to you for the support of our game, the club, and our community this year.

Golf is more than a sport. It's a connection to other people; to your health and well-being; to relaxation, reflection, and reward; and to growth and achievement.

Without you the golf community doesn't exist, and we would have no one to serve. So, we appreciate your contribution to this great community and the connections you bring.

You are our purpose, because we fit, we coach, we connect, and we care.

Enjoy your holiday.

Can we help?

How can we help make this the best golfing holiday season for you?

[Let us know how we can help](#)

More than a fitting

It's not a 'table' solution

We coach and we fit. But the most important part of our role is that we care about you and your golf game. Whatever you want to achieve or improve, we want to help you as an individual.

Being able to talk to you and assess your golf swing as an individual means we don't have to resort to simple "if this, then that" solutions. For example, some people resort to a table when trying to match you to a shaft flex:

| HEIGHT | SHAFT LENGTH |
|---------------|--------------|
| 5'0" to 5'3" | -1" |
| 5'4" to 5'7" | -0.5" |
| 5'8" to 5'11" | Standard |
| 6' to 6'3" | +0.5" |
| 6'4" to 6'7" | +1" |

| DRIVER DISTANCE | SWING SPEED | FLEX |
|-----------------|-------------|---------|
| Under 183m | Slow | Active |
| Over 183m | Average | Regular |
| Over 210m | Fast | Stiff |

“Tables like this are helpful but they don’t allow for individual variables. Someone may be tall with very long arms or have a setup and posture that has a lot of crouch or bend. That might mean standard length is perfect for them.

And someone may have a slower swing, but it has a final acceleration off a late release, that demands a flex to cope with the load. And someone may swing with a good swing speed, but they also have a very smooth and even swing speed”.

Each of you is an individual

That’s why the most important offer we can make to you, is to treat you like an individual who we care for. Our expertise in the golf swing, technology, and fitting are our tools to help you achieve what you want to achieve. The more we can get to know you, the better the job we can do for you.
