Captain vs Chairman Challenge

Congrats to Chris Delpport's Chairman's Team on winning yesterday's Captain vs Chairman Challenge. You can just imagine that it will take weeks or at least a year for the banter to stop being thrown around.

The format was Scramble over three rounds of nine-hole matches. The Chairman's Team won the first round 9-6; the second 8-7 and the third round 10-5.

The final score: 27 – 18.

Well done Chris & Team!

Stars of the week

Naina Daya, the mother of our very talented Pia Daya, hosted some junior golfers from the ITU Foundation at Zwartkop on Sunday.

They played a fun, social tournament aimed at encouraging participation in the game. The older kids played 18-holes while the little ones played 9 holes.

Congratulations to all these budding stars! The best part is that it doesn't matter who won – it's more important that they had fun and we hope to see them all back here again soon!

TopPadel

We have a Mixed Padel Ladder underway at Zwartkop. The ladder is up on the glass door at the Brown Cow. Anyone currently on the ladder can challenge two spots higher. The winner takes that slot and the loser drops down one. If players who are not on the ladder want to challenge, they have to start by challenging from the bottom. We will give out a pizza voucher and a bottle wine to the winners every three months...anyone is welcome to take part. Please contact the range and padel staff for assistance in setting up a match for you.

Take advantage of tech

Are you getting the most out of your irons?

Modern irons are making it a lot easier to hit the ball further and straighter. Whether it's thinner faces for ball speed, multi-material heads for launch, or clever weighting for forgiveness, the technology to help you play better golf is out there.

Are you taking advantage of technology? Do you want the perfect fit for better golf?

[Ask us](#)

For tech to work best, it needs to fit you

Are you playing with the right shaft weight? Is your lie angle correct? Are you squaring the face consistently at impact? Knowing the answers to these questions enables us to set you up to hit more solid iron shots, more often.

[Book a fitting](#)

These new irons combine the Ai gains in distance from the mainframe face with the innovations in groove design from Cleveland Golf's Zipcore Wedges.

Test how far. Test how close.

How much will the improvements we've listed above, impact your ball striking quality and approach shot performance? There's only one way to find out that's to hit them.

I want to hit this

Remember that the best results are delivered strike after strike if we make sure the specifications on any club you buy fit your golf swing.

Play without fear

You'd found the middle of the fairway. So much possibility. But the approach drifted short and right. What do you feel now as you walk into the sand? Are you thinking: "this should have been a birdie putt, now I'm hoping it's just a bogey."

Too many of our golfers walk into a bunker muddled with thoughts of buried feet, open club faces, lines in the sand, and fried eggs(!) They know there's a secret. They just haven't found it.

Make it a 'walk in the sand'

Greenside bunkers should be a lot easier to play than many people make them. Just come and learn the simple secrets and walk into that bunker thinking this can be an up-and-down.

Make it a great feeling

Remove the fear and doubt. Play bunker shots with skill and confidence.

Come and learn the secret.
