## From the Club

While the days are balmy at the moment, the mornings and evenings are still showing their bite, as can be seen from a sprinkler that came on too early!

We are, however, turning the winter corner, and summer days are not far off. Enjoy that little bit of extra winter run while you still can!

## Stars of the Week

Check out this picture of Joseph Phiri playing in the Captains Challenge at Centurion with Adam Hayes, Chris Delpont and Dale Michler.

Adam asked if it was loose impediment, but no files on Joseph – he still made par.

Congrats to Robin Roelofs who is the KWV Closest to the Pin winner for July.

What would cause you to get fitted?

## A QUESTION ASKED

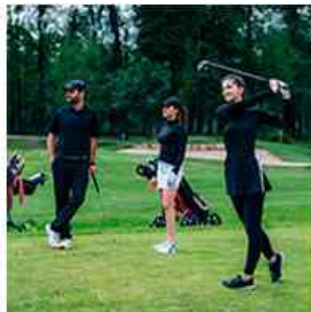

### Why would you?

We read that the majority of golfers still don't get properly fitted when buying golf equipment. So, we have a question for you:

Which **improvement** out on the golf course would **interest you most**?

- You're shooting lower scores.
- You're getting more enjoyment playing the game.
- You have increased confidence that you're more likely to hit a solid shot.
- You're finding it easier to make a good swing.
- You've gained 15 metres on tee shots.
- Your approach shots hit more greens with stopping power.
- You're hitting crisper short-pitch shots with more control and consistency.
- A reduction in aches and pains after golf.

Which of those improvements do you think a personal club fitting would help to deliver?

The best, whoever you are

That's right, whatever you would like to achieve out on the golf course, a custom fitting will help to deliver it. And the scale of benefit is greatest for the least experienced of golfers.

# **SRIXON** He's playing the **RIGHT GOLF BALL**

If you watched the Open Championship, you saw a lot of Srixon players in and around the top of the leaderboard. K.J. Choi has gone one better and WON the Senior Open Championship.

The Open Championships are all about strategy, and control of the golf ball. Tee shots that can use the wind or penetrate. Shot shape on approach that takes out the bad miss. Low flighted wedge shots with a lot of spin.

There are **THREE GOLF BALLS** the Professionals use to **MAXIMISE THE PERFORMANCE** that is important to them:

**Srixon  
Z-STAR**

**Srixon  
Z-STAR XV**

**Srixon Z-STAR  
Diamond**

Chosen by those looking for maximum greenside spin for unmatched control and stopping power. Very popular amongst those looking for maximum ball speed to create the longest driver and iron distance. K.J. Choi's choice with a blend of greenside control and distance and spin for shot-shaping on iron shots.

To make sure he wasn't sacrificing any control around the green, K.J. Choi was using the Cleveland RTX 6 ZipCore 50, 54, 58 Wedges.

Golf is the “search for perfection” but is, unfortunately, a “game of misses”. Do your choices on the course increase or reduce the risk associated with a miss?

If you're in the low 90s or high 80s on most rounds, we're pretty sure that better game management gets you below 85. Make the right choices, and you reduce the impact of inevitable misses.

## Try the best way to learn

Playing golf is a great way to learn. Especially when you have someone to offer the coaching and advice to translate your performance on a hole into an improvement on the scorecard.
