Stars of the Week

Congratulations to **Shelton Pfu-pagena** on shooting his best-ever 9-hole score at Zwartkop yesterday.

Shelton featured in Duane's tip video last week and has been putting in a lot of effort on the range to correct his "casting" problem. It all came together for him on the course yesterday. Great work, Shelton!

If you are struggling with your game or need help fixing that one niggle, contact Duane. He is the Head Teaching Professional at Zwartkop and a highly experienced teaching pro.

You can contact him on 078 459 1549.

In addition, **Justin Gordan** won the first KWV Play-off, walking away with a custom KWV cooler box and a case of KWV 5 year mix. He won a bottle of Paddy's Whiskey in the month he won Closest to the Pin.

Congrats, Justin!

The KVV Closest to the Pin on Trackman is an ongoing competition. When you buy a Bucket of Hooch, KVV Premix Bucket, Imagin Gin Special, KVV Brandy Special, Paddy's Whiskey Special, or any KVV Wine, you will receive a voucher to hit 3 balls in the Closest to the Pin competition, so make sure you take advantage of them!

Remember to repair your pitch marks!

Left even for the shortest time, it takes a lot longer for the greens – and fairway divots – to heal.

PLEASE REPAIR PITCHMARKS & DIVOTS IT TAKES:

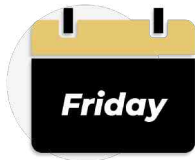

FIVE SECONDS to repair a fresh ball mark

TWENTY FOUR HOURS for a freshly repaired ball
mark to heal completely

FIFTEEN DAYS for the scar of a ball mark that is left
unrepaired for just one hour to heal

What's coming up?

We have tee-off times available all weekend. You can book online at www.zwartkopcountryclub.co.za or call the golf shop on (012) 654-1144.

Go lower than ever

HOW MANY FROM 64 METRES?

On your last round, what was your average number of shots per hole to get down from the moment you got within 70 metres of the flag?

A tough tee shot but you found the fairway. You don't want to take more than 3 from here.

If you can get down in 3 or less 100% of the time from within 70 metres, would that transform your scorecard? How much better would your golf experience be?

How much better would you feel about golf if you'd mastered the pitch-shot from 64 metres in?

Be the 'Master'

Invest at least time in technique improvement on your fundamental 70 – 20 metre pitch shots. You'll become more accomplished. You can master this challenge.

I want to master the pitch shot

We have the new Srixon AD333 Golf Ball in stock. There are some important improvements that work to help your performance on the golf course. A lower spin rate on longer shots to add distance, yet powerful spin on shorter shots to give added control closer to the green. And an even lower compression while adding distance.

What would cause you to get fitted?

A QUESTION ASKED And now the facts

Your swing is unique, but even with high-handicap golfers that doesn't mean each swing is unique. Every handicap golfer has a 'fingerprint'. That is, for each club in their bag, they deliver the face back to the ball on similar swing path with a similar angle of attack at a similar speed. What varies is the face angle and strike point.

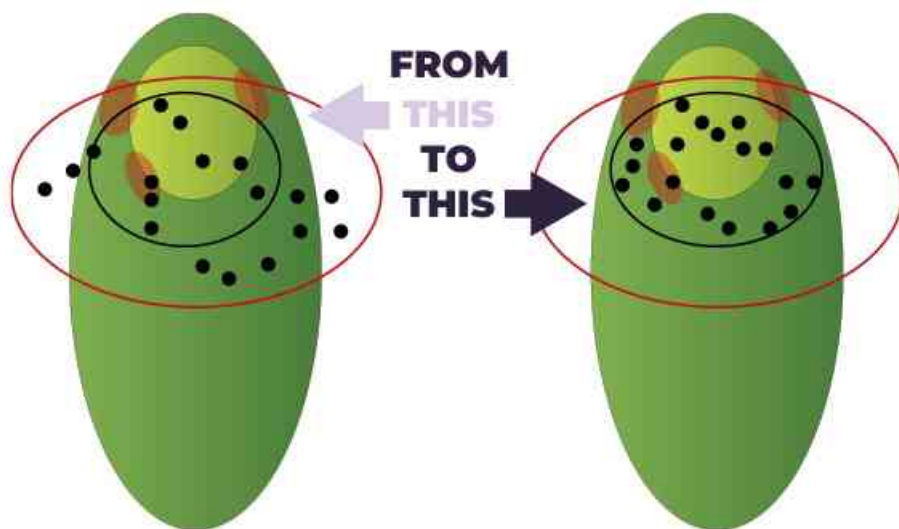

Can a fitting reduce a face angle that varies by 15° down to 1° of variation?

No, but it can halve that variation. That reduces a #5 iron miss width from 40 metres down to 20 metres.

Can a fitting ensure that every point of strike on the face is perfect? No, but it can make your misses closer to the perfect strike point. And that reduces the amount by which you come up short of that target.

Together, that is a much tighter pattern of dispersion.

And a final question

Do know what the average number of metres added to a golfer's tee shot with a custom driver fitting would be?

Our answer would be

It doesn't matter. None of the averages matter. You're an individual. It's how much tighter we can make your shot dispersion. It's about how much more consistent we can make your strike pattern. It's about how much extra ball speed we can help you create. And it's about the spin and flight and the impact that has on your distance.

I want to find out
