Better together

## More memories with your loved ones

Sharing special moments with playing partners is a big part of what makes this game so special. What if those moments were with the people you cared about most in the world?

When your children and your spouse love golf as much as you do, it gives you another way to bond as a family. Family vacations could include exciting golfing locations. Imagine the memories you could make on a trip like that!

*Between the ages of 16-18 years, we help junior golfers understand their game and fine-tune their skills, keeping them focused on their process.*

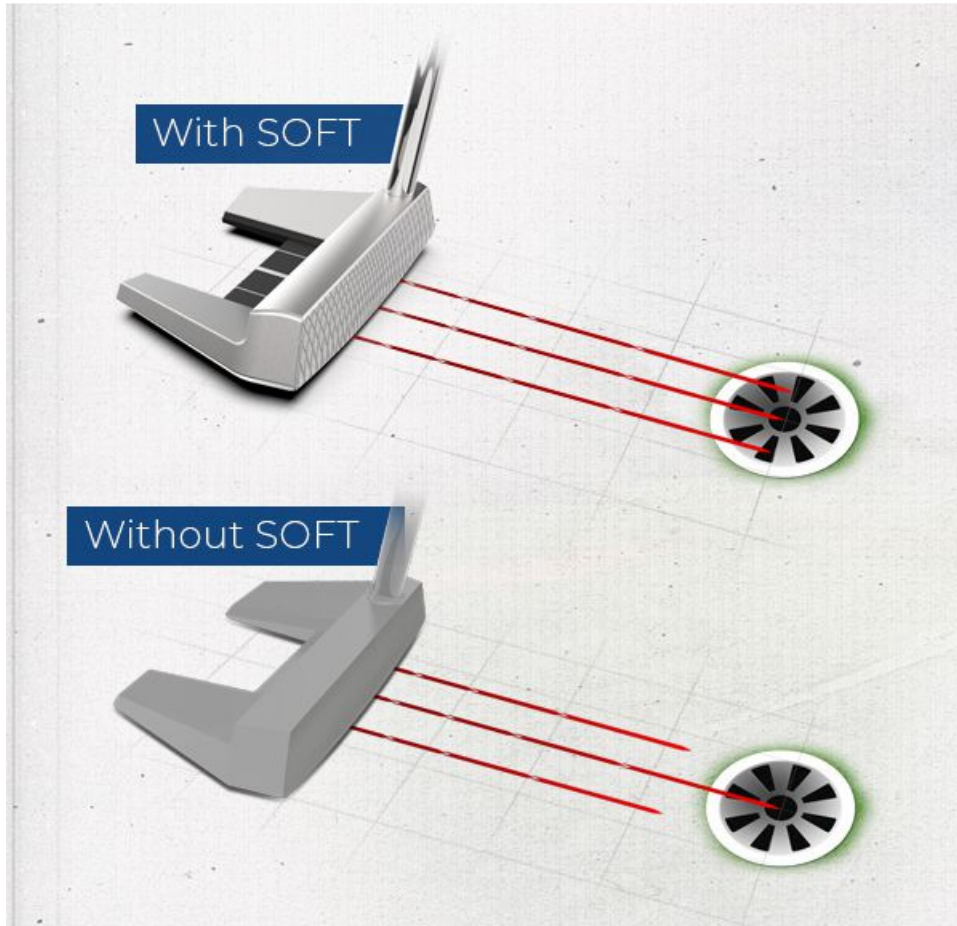

## Family fun

There are so many memories to be made out on the golf course. Make them even more special by sharing them with your family.

# NO MORE COMING UP SHORT

You picked the right line and correctly read the green speed, yet a slight mishit leaves you short. Cleveland's new HB Soft Milled Putter solves this problem with its Speed Optimised Face Technology (SOFT). With SOFT, you get consistent launch and speed across the face, so your putt goes the distance more often.
